National Dental Foundation Volunteer Day
Friday 17th October

Thank you to everyone who volunteered their time to provide much needed dental care to those who could not otherwise receive it. In particular thank you to Dr Damian Lavery, Dr Natalya Taylor, Dr Leila Haywood, Sparkle Dental and their staff for donating their time and efforts. A big thank you to Dr Chris Hart for organising such a day and offering his practice Life Time Smiles, for our use. Thanks also to Refresh Dental and Dr Matthew Middleton for offering your time.

Working with the Salvation Army and Young Care we were able to provide dental care to the total of \$15 985.60

Life Time Smiles: \$ 14 345.70
Sparkle Dental Teneriffe: \$1 639.90

Treatment of local indigenous families is ongoing in the Life Time Smiles practice in Mt isa. A tally of work completed will be forwarded when the treatment is complete.

Everyone had a great day and our patients were appreciative of our care. The National Dental Foundation will be conducting another volunteer day in the New Year on Friday February 13th.

To harness the fellowship and goodwill of all dentists and associated dental industries in Australia to provide free dental services to the under privileged members of Australian society through donation of equipment, materials and person endeavour.
